

## **San Bernardino County Workforce Investment Board hosts no-cost workshops for dislocated workers**

*Workshop will provide information on industries in need of employees, retraining,  
financial issues and lifestyle changes*

**WHAT:** The San Bernardino County Workforce Investment Board will host three no-cost workshops to assist people laid off from the construction, manufacturing and mortgage/finance industries.

The events will provide information to dislocated workers about industries in need of employees, which skills transfer to other industries, retraining, lifestyle changes and financial planning. The workshops will also provide tips on marketing job skills to achieve employment.

**WHY:** San Bernardino County was recently named one of the hardest-hit regions in the state by layoffs in the construction, manufacturing and mortgage/finance industries.

The San Bernardino County Workforce Investment Board recently received funding from Governor Schwarzenegger's office to assist dislocated workers in these industries. The workshops will kick off an ongoing effort to help dislocated workers assess, transition and enhance their skill sets to regain employment in growing industries within the county.

**WHERE:** Three workshops will be held, each focusing on the same topics:

### **San Bernardino County Board of Supervisors Chambers**
